

First Aid Policy

This policy outlines Camp Canary Limited's responsibility to provide adequate and appropriate first aid to and the procedures in place to meet that responsibility.

Aims

- To identify the first aid needs of children, staff, parents, visitors and contractors at Camp Canary Limited in accordance with the Management of Health and Safety at Work Regulations 1992 and 1999.
- To ensure that first aid provision is available at all hours during the running of Camp Canary and while on school visits in accordance with the Health and Safety First Aid legislation 1981.

Procedures

- 1) Camp Canary leases the lower ground floor of, Canary Wharf College, 197 East Ferry Road, London, E14EBA. At least 2 staff are present in the building whenever children are present. There are landline phones, a mobile phone and walkie-talkies available for use in outdoor sport activities and outings.
- 2) Staff are expected to wash hands regularly while at the Camp Canary. Handwashing with soap is encouraged with fresh paper towels for each child. Staff will be encouraged to take special care any time a teacher or teaching assistant comes into contact with pupils' blood or other bodily fluids. There will be gloves in the First Aid kit for staff use, and in the First Aid Area of the Sports Hall. In case of spillage of bodily fluids, paper towels will be applied to the spillage and then swept up when the spillage has been soaked up. The area will then be washed.
- 3) The bodily fluids should be double bagged before disposal in the refuse bag.
- 4) There will be a fully stocked First Aid kit available at all times. The kit will be checked regularly to ensure that all the supplies are in order.
- 5) Any pupil complaining of illness or who has been injured should be seen by any qualified First Aider who will inspect and, where appropriate record symptoms, comfort and

decide on course of action. A copy of this record will be given to the child's parent/carer. Should a child be deemed too ill to stay at Camp Canary, parents should be contacted as soon as possible so that the child can be collected, taken home and/or advised that a qualified medical professional be consulted.

- 6) If an incident occurs requiring First Aid, the first aider will stay with the pupil while another person is responsible for getting assistance. An injured child will not be left unsupervised. Consideration should be given to an ambulance if there is loss of consciousness or suspected fractures, spinal injury, arterial bleeding or indeed any doubt as to the long term welfare of the person.
- 7) Any incidents requiring substantial First Aid or hospitalisation are to be reported to the Managing Director Hannah Forster as soon as possible. Parents will be notified immediately or at the end of the day according to the seriousness of the incident. In the event of severe head injuries, the Deputy or Managing Director will inform the HSE.
- 8) For outdoor trips, a First Aid kit will be taken along where appropriate and a qualified first aider will accompany it.
- 9) Names of nominated First Aiders are displayed on the staff notice board and on the form below with the date of expiry of the qualification.
- 10) If a child, member of staff or visitor has a serious accident this will be reported according to RIDDOR (1995) Amended April 2012. Reportable occurrences are listed in the HSE guide to the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 1995 (see <http://www.hse.gov.uk/pubns/priced/l73.pdf>)

Report using this number or download forms below:

08453009923

Report of an Injury: <https://extranet.hse.gov.uk/lfserver/external/F2508IE>

Report of a Disease: <https://extranet.hse.gov.uk/lfserver/external/F2508AE>

Report a Dangerous Occurrence: <https://extranet.hse.gov.uk/lfserver/external/F2508DOE>

Camp Canary will only undertake to treat minor injuries such as cuts and bruises. In the event of injuries which are considered more serious but not necessarily worthy of hospital treatment, parents will be informed and consulted immediately. In the event of situations which require hospital or medical treatment, the first aider should consult the most senior member of staff available, (Deputy or Managing Director), and they will ensure the students is taken to hospital and the parents informed without delay. No member of staff should ever attempt to take a child to hospital after an injury in their own car.
