

Summer Week 6 Newsletter Science

Volume 1 | Issue 7

Friday 18th August 2017

Captain Fantastic Science Show

Dragon Bubble Bath!

Sport

We developed our basketball skills learning how to pass to each other and work as a team. We enjoyed playing hockey and tennis this week. Working together as a team we competed in mini athletics and relay races.

Art

Science week went off with a bang, we had such a fun time designing and making silly strange aliens, 3D jet fuelled rockets, alien view finders so the children could spot unknown space creatures from their spaceships and vibrant bottled sand art.

Planetarium Trip

On Friday we visited the Peter Harrison Planetarium and the Royal Observatory.

We watched The Sky Tonight and explored the night sky looking at stars and constellation and planets and moons presented in real-time by Royal Observatory astronomer.

The Children were mesmerised by the production and learnt lots of facts about space!
