Crazy Inventors! Newsletter

Sport

The Junior group competed in a speed stacking championship! They had a ball playing crab cricket and quick hit bowling. The kids group enjoyed shooting hoops, obstacle races and powerball.

Crab Cricket

All children must play the game as a crab! The bowler bowls the ball at the batter, who will bat it away using their hand.

Art

We experimented with crazy art this week, using blow dryers, fidgets spinners and even made bouncy balls! The kids created lovely hot air balloons and flying houses. The juniors loved their balancing robots and straw rockets.

Blow Dryer Art

Go Karting | Professor Fizz Science Party

Go Kart racing to begin our week, finishing with a visit from the one and only Professor Fizz, who made a balls fly, bubble baths for dragons and slime!

Mentos in coke!

Please check our Facebook page for more photos of the week:
